

Catalyst Competency Form

This is the Competency Form which must be filled out completely by both Student Facilitator and the observing Certified Catalyst Instructor or authorized facilitator. This form is necessary for the Catalyst certification process!

Competencies are not evaluations. They are merely a portion of the certification requirements that afford students the opportunity to share their knowledge of Catalyst with a Certified Catalyst Instructor or authorized facilitator. Students may choose to use competency sessions as an additional learning tool by asking for feedback, suggestions, or insights. The only requirement for competencies is that they be completed. Eligibility to perform a competency is based on the number of Catalyst sessions completed and logged by the student facilitator. Eligibility is as follows:

Competency Number:	Minimum Number of Sessions Completed and Logged:
1	19
2	39
3	59
4	79
5	99

(This Portion of the Competency Form is to be filled out by the Student Facilitator)

(** Important Note: The student must retain ALL completed competency forms and submit all five TOGETHER to the education department to satisfy this portion of the certification requirements.)

Name of Student Facilitator: _____

Date of Competency: _____ Competency Number: 1 2 3 4 5

Number of Catalyst sessions student has performed and logged prior to performing this competency: _____

Name of Session Participant: _____

(This portion is to be filled out by the Certified Catalyst Instructor or authorized Certified Catalyst Facilitator)

Name of Certified Catalyst Instructor or authorized facilitator: _____

My signature below certifies that I have personally observed the competency session for the above student. My signature also confirms that I have viewed this student's log and that the minimum number of sessions required for performing this competency (as stated above) has been properly recorded.

Signature: _____ Date: _____
